Who should apply for CDCSP?

- Children up to the age of 19 with a severe disability, who would otherwise be denied a medical card due to their parents' income exceeding the allowed limits.
- See more details about CDCSP requirements inside this brochure.

Charleston, WV 25301

West Virginia Department of Human Services

Bureau for Medical Services

Children with Disabilities Community Service Program (CDCSP)

A West Virginia Home and Community-Based Program

What is the CDCSP?

The CDCSP is an optional Medicaid program that allows a child with a severe disability who is eligible to receive the level of care provided in a medical institution (acute care hospital, intermediate care facility for individuals with intellectual disabilities (ICF/IID) or nursing facility) to receive medical assistance. Only the child's income and assets are considered, provided all other eligibility criteria are met.

The child will receive a West Virginia Medicaid card. Medicaid may pay the premiums, deductibles, coinsurance, and other cost sharing obligations for eligible members who have primary insurance.

The CDCSP is an alternative to an institutional level of care and costs less than institutional services.

About PC&A

Psychological Consultation & Assessment, Inc. is contracted by the West Virginia Department of Human Services (DoHS), Bureau for Medical Services (BMS) to perform administrative services and make eligibility decisions for the CDCSP Program.

PC&A communicates with DoHS staff, consumers, parents, guardians, and other entities to provide information regarding CDCSP and answer questions.

Contact PC&A, Inc. for more information.
